### **Program Description**

Are you up to date on professional responsibility obligations around the use of technology? The growing use and adoption of technology presents an increasing challenge to legal professionals. Join this webinar to learn how to meet your professional responsibility obligations while advancing technology in your practice. Trellis Research will cover the key ABA rules, applicable state regulations, and impart practical strategies for complying during Covid-19 with office best practices when working remotely. We encourage you to join this informative session to add value to your practice. Earn 1 hour of California ethics CLE credit.

### **About the Speaker**

**Nicole Clark, Litigation Attorney & CEO of Trellis Research**

Nicole Clark is a business litigation and labor and employment attorney who has handled litigation in both state and federal courts. She's worked at a variety of law firms ranging from mid-size litigation boutiques to large firms, and is licensed to practice law in three states. She has defended corporations and employers in complex class action and wage and hour disputes, as well as individual employment matters ranging from sexual harassment to wrongful termination. Additionally, Nicole is the CEO and co-founder of Trellis Research, a legal analytics platform that uses AI and machine learning to provide litigators with strategic legal intelligence and judicial analytics. Nicole has an intuitive understanding of technology and is deeply committed to helping lawyers leverage technology to gain a competitive advantage and achieve a more favorable outcome for their clients.
