Wednesday, June 12, 2024
12:00pm – 1:00pm

UNDERSTANDING YOUR FIDUCIARY RESPONSIBILITIES UNDER ERISA

1 hour participatory MCLE credit

No-cost, free event

Program Description

Strong fiduciary oversight and protecting workers' benefits is one of the highest priorities of the U.S. Department of Labor. However, we recognize that understanding and complying with ERISA can be challenging for any employer, but especially so for small and medium sized employers with limited time, resources and/or access to professional assistance. This is a compliance assistance workshop for plan sponsors, advisers, human resources managers, and legal professionals. The Employee Benefits Security Administration (EBSA) will present an introduction to the Employee Retirement Income Security Act (ERISA) and cover some of the basics of retirement plan administration. This presentation will also include an overview of the Voluntary Fiduciary Correction Program (VFCP).

About the Speaker

Mr. Andy Cameron is a Senior Benefits Advisor at the United States Department of Labor, Employee Benefits Security Administration (EBSA). Andy advises plan participants, plan sponsors and service providers on a wide range of health and retirement plan issues. Andy regularly speaks to public and private organizations about ACA, HIPAA, COBRA and relevant retirement plan regulations. Andy has worked at EBSA since 2006. He has served as both a Benefits Advisor and an Investigator and has audited health and retirement benefit plans.

Before joining EBSA, Andy worked in human resources for more than 5 years. He obtained the Professional in Human Resources certification from the Human Resources Certification Institute as well as the Competent Toastmaster designation from Toastmasters International. Andy holds a Bachelor's degree in Management from Purdue University, a Certificate in Human Resources from the University of Washington, and a law degree from Seattle University.
